

Product No.: 40012925

Rainbow MAXX Pro

The Rainbow MAXX Pro is 3x brighter than the Rainbow MAXX making it the brightest light show in the industry. More color, more effects. Choose from over 20 built-in shows, control animations and effects with a single button.

The control button has three functions that allows the user to change modes, cycle through various effects and adjust the speed of the effect. See the full list of effects and single color options on the next page.

The new round design allows installers to use unistrut and the strut clamps for easy installation and aiming.
